Why	<p>Federal regulations (Title 7, Code of Federal Regulations (CFR), Section 246.12 (i)) states the CA WIC Program must provide training annually to at least one representative of each vendor. Prior to or at the time of a vendor's initial authorization and at least once every three years. The training must be in an interactive format that includes a contemporaneous opportunity for questions and answers.</p> <p>Vendor training must be designed to assist vendors to understand program requirements in order to reduce program errors, prevent program noncompliance, and improve program service. Additionally, the CA WIC Program must annually provide training in a variety of formats, such as, training newsletters, training video, and interactive training.</p> <p>Training must include instruction on the following items:</p> <ul style="list-style-type: none"><li>• Purpose of the program</li><li>• Supplemental foods authorized by the CA WIC Program</li><li>• Minimum varieties and quantities of authorized supplemental foods that must be stocked by vendors</li><li>• Procedures for transacting and redeeming WIC Food Instruments (FIs)</li><li>• Vendor sanction system</li><li>• Vendor complaint process</li><li>• Claims procedures</li><li>• Policies and procedures regarding use of incentive items</li><li>• Requirement that vendors obtain infant formula only from authorized suppliers</li><li>• Updates since the last training</li></ul>

Documentation	<p>Documentation of your in-house WIC vendor training must show that a representative from every store, including any store added to your contract, has been provided the required WIC vendor training by the representative who attended the CA WIC Program's vendor training.</p> <p>The vendor must maintain documentation that shows the name of the vendor contract number, trainer, the attendee being trained and their position, the store name, store number and address, and the date the training was completed. The vendor must maintain the training sign-in sheets and final tests on file for a minimum of three-years after the expiration of the vendor's State training date and must, if asked, provide all these items to representatives of the CA WIC Program.</p>
Testing	<p>A practice test and a final test are provided by the CA WIC Program and are located under the VCP Activities link on the wicworks website. The practice test is used to prepare the attendees for the final test. The trainer may check the practice test for needed clarifications on topics covered and questions missed. During the practice and final tests, attendees are allowed to refer to their materials such as notes, the VCP Workbook, and the WIC Authorized Food List (WAFL) Shopping Guide.</p> <p>Attendees' practice test scores do not count towards completion of training requirement; however, attendees must answer 90% of the questions correctly on the final test in order to pass the training. If an attendee fails the final test, the trainer may retrain on the missed questions, and allow the attendee to re-take the test.</p> <p>The vendor shall maintain all final tests on file until the expiration of the three-year training certification period and must, if asked, provide all the tests to representatives of the CA WIC Program.</p>

**Scenario:** Lisa Doe comes to your register with a FI (see slide) that states she can purchase

2 (12 oz.) INFANT FORMULA ENFAMIL GENTLEASE POWDER ONLY.

**Question:** How much infant formula is Lisa required to purchase?

**Answer:** 2 (12 oz.) powder only cans. This is the only FI WIC shoppers must buy the *full* quantity stated on the FI.

**WIC fact:** CA WIC Program accounts for over half of all infant formula sales in the United States. (*The CA WIC Program: Background, Trends, and Economic Issues, 2009 Edition/ERR-73; Economic Research Service/USDA*)

Two more Infant Formula Transaction Scenarios	<p><b>Note to trainer (These two scenarios do not have slides.):</b></p> <p><b>Scenario 1</b> – A WIC shopper comes into your store with FIs showing Enfamil formula. The WIC shopper complains that the baby does not like Enfamil formula, and wants Isomil formula instead. Can the WIC shopper purchase the Isomil formula if the FI shows Enfamil?</p> <p><b>Answer:</b> The WIC shopper can only use the FI to buy what is printed on the FI. The WIC shopper can go back to the local WIC agency to get the FI changed. The WIC shopper could use his/her own money to buy the Isomil formula.</p> <p><b>Scenario 2</b> – A WIC shopper comes into the store to purchase infant formula and the FI shows that the WIC shopper is to receive five (5) cans, but your store only has three (3). What do you do in this situation?</p> <p><b>Answer:</b> Do not provide only three (3) cans, the WIC shopper will have to return to your store when you can provide all five (5) cans of formula, or go to another WIC authorized store. You may not issue a rain check or provide credit at any time for a WIC transaction.</p> <p>What questions do you have about WIC transactions regarding infant formula?</p>
Peer Groups	<p>Federal regulations require that the CA WIC Program pays vendors competitive prices for WIC authorized foods. So how does the CA WIC Program figure out the amount to pay all the different vendors?</p> <p>The CA WIC Program does this by making sure that the prices stores charge for WIC authorized foods are comparable to similar stores. To accomplish this, stores are assigned to a peer group; there are 16 peer groups in all. Prices must be competitive with other stores in the same peer group in order to remain authorized.</p> <p>Vendors that have more than one store under the same contract may belong to different peer groups. The peer group a store is assigned to is based on three (3) characteristics:</p> <ol style="list-style-type: none"> <li>1. Store type – There are only two (2) types of stores: <ol style="list-style-type: none"> <li>a. <b>Above-50% store:</b> A store that derives more than 50% of their annual food sales revenue from WIC</li> </ol> </li> </ol>

### Depositing your FIs

1. Endorse the FIs one of the following ways:

- Written Signature
- Store Stamp, or
- Cash Register Stamp

Families grow healthy with WIC

### Depositing your FIs

2. Submit the FI Serial Numbers. There are three methods of submission:

- **Telephone**
- **Internet**
- **Electronic file submission**

3. Check the status of your submission.

Families grow healthy with WIC

**Discussion activity:** As you go through each of the three (3) methods of submitting FI serial numbers, take a poll by a show of hands as to how many submit serial numbers by telephone? Manually through VWIX? File upload process through VWIX or with equipment that automatically scans and transfers the serial numbers to the CA WIC Program?

For each group, ask someone to describe the process.

You may confirm almost immediately that the submission of serial numbers was successfully received by the CA WIC Program, but don't head for the bank yet! Even after the serial numbers are accepted, you must wait a full 24 hours before depositing the FIs into your financial institution.

### Depositing your FIs

4. Ensure successful payment by checking:

- The dates on the FIs,
- the FI MADR
- serial numbers

**The 9-digit serial numbers must match, but there are some differences in the serial numbers.**

**Note to trainer:** Click to proceed with each bullet point below.

- The red boxes show the numbers that need to match.
- There is a 3-digit prefix next to the middle serial number; just disregard.
- The serial number on the bottom of the FI has an additional digit. All ten (10) digits of this serial number must be submitted into the VWIX system prior to deposit.

**Question:** What would you do if the serial numbers do not match?

**Answer:** Submit the serial number, but do not deposit the FI; send the FI directly to the CA WIC Program with your, store name, store address, contact information, and a written explanation for reimbursement. The address is in the blue box on the bottom of page 17.

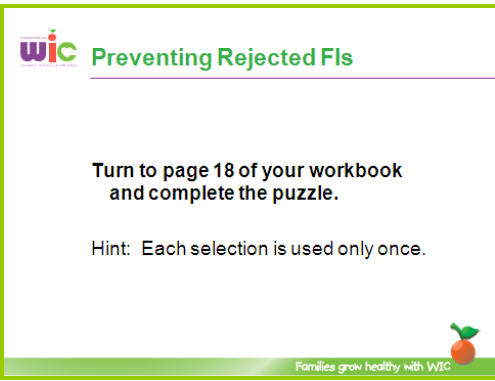

Review slide with the group.

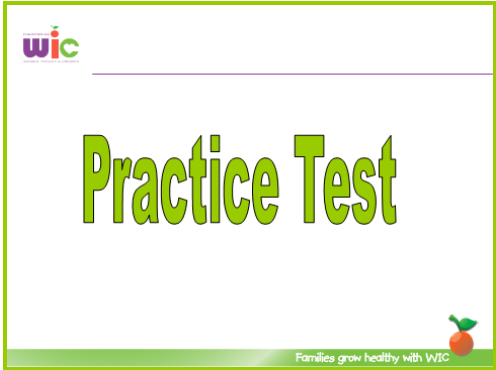

## Rejected FIs

Following the CA WIC Program procedures in processing FIs, from the check stand to the bank to deposit, helps to ensure that you get paid for the WIC FIs that were accepted at your store. Unfortunately, sometimes payment is delayed or denied for a FI. Here are some reasons a FI could get rejected for payment:

1. The FI was accepted by the cashier before the “first day to use” or after the “last day to use”.
2. The exact purchase price exceeds the MADR.
3. The WIC FI was not signed by the WIC shopper.

Subject/Slide	Trainer Notes or Instructions
	<p>4. The FI was deposited without submitting the 10-digit serial number, or before the serial number was received by the VWIX system and State Treasurer's Office.</p> <p>In the case of an FI being rejected because the exact purchase price is over the MADR, if the FI is within 60 days of the "first day to use", you can make the correction to the FI and redeposit into the bank. By drawing a single line through the wrong purchase price and writing the correct amount at or below MADR.</p> <p>If the rejected FI is within 90 days of the first day to use, we can mail it directly to the CA WIC Program for reconsideration. The address is in the blue box at the bottom of page 17 in your workbook.</p> <p>In some cases, the FI will <u>not</u> be paid and will not be eligible for reconsideration; such as, in the case of transacting an FI before or after the dates to use, a FI without the WIC shopper's signature or a FI without an exact purchase price written on it.</p> <p>The CA WIC Program does not reimburse bank fees on returned FIs not under any circumstances.</p>

### Vendor Sanctions

## Trainer Notes or Instructions

1. Among the violations that may result in a **one-year** disqualification are:
  - Providing unauthorized food items
  - Providing items in excess of the maximum quantity listed on the FI.
  - Soliciting WIC participants at or near a local WIC agency or clinic.
2. Among the violations that may result in a **three (3) year** disqualification are:
  - Charging for food items that the WIC shopper did not receive.
  - Charging the CA WIC Program a higher price than the posted price.
  - Providing credit or non-food items in exchange for FIs.
3. More serious violations can result in a **six (6) year or permanent** disqualification such as a conviction of trafficking in FIs (buying, selling, or exchanging FIs) or selling firearms or controlled substances in exchange for FIs.
4. If there is more than one store under the same contract, the stores can be individually disqualified.
5. Money penalties are an alternate sanction when the disqualification of a store would mean a hardship for WIC shoppers in areas where stores are limited.
6. Vendor claims occur when the State determines that a vendor owes money to the CA WIC Program. An audit of a store's records may result in a claim. Non-payment of a claim may result in the vendor being disqualified from the CA WIC Program.
7. Appealing a sanction - To appeal, the store must submit a written appeal within thirty (30) calendar days to the Administrative Hearings and Appeals. The store is provided detailed information on the appeal process at the time of the disqualification or penalty. A store will not be able to redeem FIs during the appeal process.

### Food Stamp Program (Now CalFresh!)

Review slide with attendees. Note that the Food Stamp Program is now called the Cal-Fresh Program (second click). Also, formerly referred to as SNAP (Supplemental Nutrition Assistance Program). Advise attendees that:

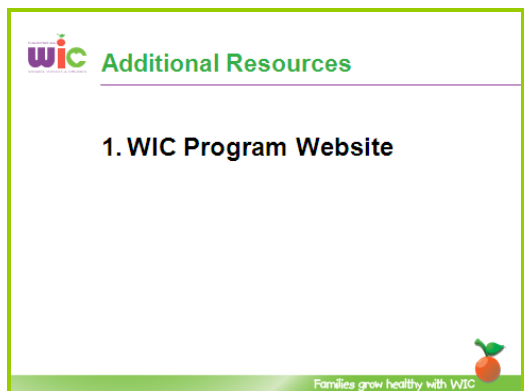

1. Disqualification from the CalFresh Program will result in disqualification from the CA WIC Program.

Disqualification from the CA WIC Program will result in disqualification from the CalFresh Program

2. The disqualification from the two (2) programs will be for the same length of time. If the disqualification from the CalFresh Program is for one (1) year starts on February 14<sup>th</sup> of this year, but WIC wasn't notified until April, the year for WIC will start in April and end in March.

3. This type of disqualification is not subject to appeal.

## Vendor Resources (Cont'd)

**Vendor Complaint Process:** There are three options for submitting a complaint to the CA WIC Program to report any kind of program abuse by WIC shoppers, local WIC agency employees, WIC vendors, or State WIC staff.

Contact information for each option is on page 26 of your workbook.

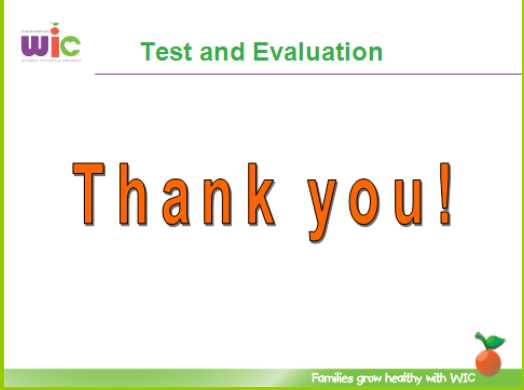

Review the last two items on page 26 of the workbook; **WIC Vendor Consultants** and **Local Vendor Liaisons**, commonly referred to as “LVLs”.

Point out that **WIC Vendor Consultants** work for the CA WIC Program. A Vendor Consultant was assigned to vendors at the time of a store’s initial authorization. An example of a time when we might contact our WIC Vendor Consultant is when we want to use the WIC logo in advertising and check to be sure that our use of the logo is within the State and Federal regulations.

**Local Vendor Liaisons, “LVLs”,** are not employed by the state, but work for the local WIC agency. They work with the same customers you do, and are interested in assisting you in providing good customer service. Your LVL is the person to call if a WIC shopper left the WIC ID folders or FIs in your store, or if you run out of WAFL Shopping Guides. LVLs are a good resource for questions
